

Tata Projects Appoints Sukumar Hebbar as Managing Director & Chief Executive Officer

Industry veteran with over three decades at L&T, to steer the company's next phase of growth across infrastructure, data centres and urban development

Mumbai, 3rd August 2026 - Tata Projects Limited, one of India's trusted Technology led Engineering, Procurement and Construction (EPC) companies, today announced the appointment of Mr. Sukumar Hebbar as its new Managing Director and Chief Executive Officer, effective immediately. Mr. Hebbar succeeds Mr. Vinayak Pai, who has led the company since 2022.

His appointment will further strengthen Tata Projects' leadership bench as the company scales its presence across urban infrastructure, data centres and industrial EPC segments. Mr. Hebbar brings over three and a half decades of infrastructure and construction leadership from L&T, where he most recently served as Senior Vice President and IC Head of the Transportation Infrastructure business, overseeing the Roads, Bridges & Formation and Railways portfolios. His industry experience includes building the Health Business unit into a profitable vertical and securing data centre orders. He successfully delivered iconic projects such as the Ram Mandir, Navi Mumbai International Airport, and Kartavya Bhawan.

Commenting on his appointment, **Mr. Sukumar Hebbar** said, *"Tata Projects has built a formidable reputation as India's technology led infrastructure builder. I am excited to join the team at a time when the sector is central to India's growth story, and to work with our people to deliver projects that are safer, faster and more sustainable. My priority is the execution of complex infrastructure projects while expanding our capabilities in data centres and sustainable energy — areas where I see significant headroom for Tata Projects to lead."*

He holds a degree in Architecture from Mysore University and is an alumnus of INSEAD's Advanced Management Programme in Organisational Leadership. He began his career in 1990 as a Graduate Engineer Trainee and went on to build & lead some of the most consequential business units.

About Tata Projects

#StrongFoundationForStrongNation #BuildingNation #TransformingLives

Tata Projects is one of the most trusted Technology led Engineering, Procurement and Construction (EPC) companies in India. We have expertise in providing sustainable solutions in the execution of large and complex urban and industrial infrastructure projects while also demonstrating strong presence in refineries and petrochemical plants. We leverage our domain knowledge across various business segments to address the shift to clean energy to meet the nation's Net Zero ambitions.

We provide ready-to-deploy solutions for semiconductor facilities, giga factories, data centres, refineries, green fuels, roads, bridges, integrated rail & metro systems, commercial building & airports, power generation, transmission & distribution systems, chemical process plants, water & waste management, and mining & metal purification systems.

Tata Projects offers one stop service covering entire life cycle of the project, from project conceptualization to operations & maintenance. It uses innovative technology solutions to offer bouquet of services which includes engineering, procurement, construction, commissioning, inspection & expediting, operations, repairs & maintenance, and shutdown services.

Over the years, Tata Projects has received several awards and recognitions for its project delivery and commitment to safety & quality.

We are a part of the TATA Group which operates in more than 150 countries across six continents, with a mission 'To improve the quality of life of the communities we serve globally, through long-term stakeholder value creation based on Leadership with Trust'. In 2024-25, the revenue of Tata companies, taken together, was \$180Billion. These companies collectively employ over 10,00,000 people.
